w05_p1: Add w04 link in index.html

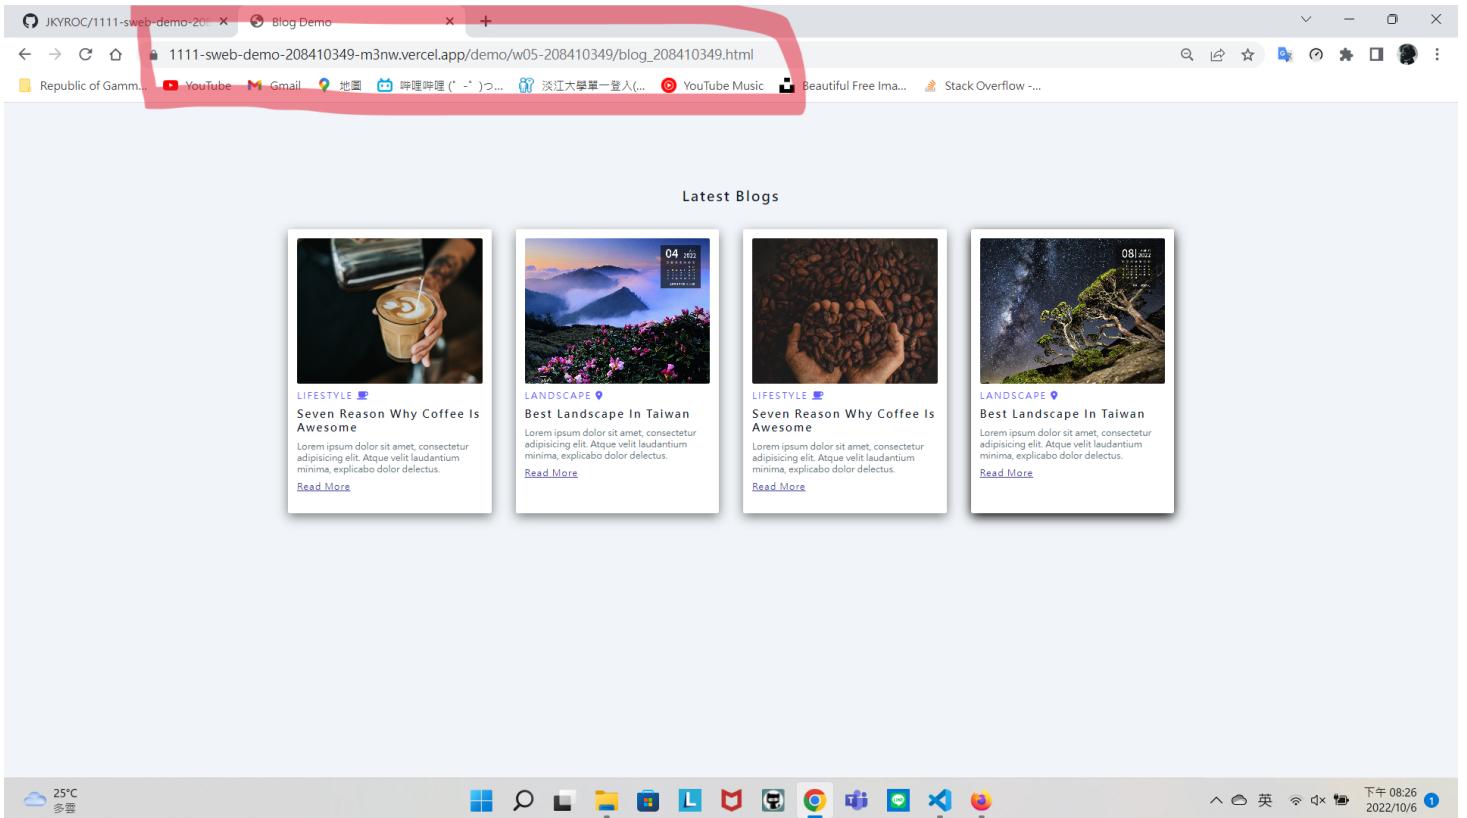

w05_p2: get 9 photo using small sizes

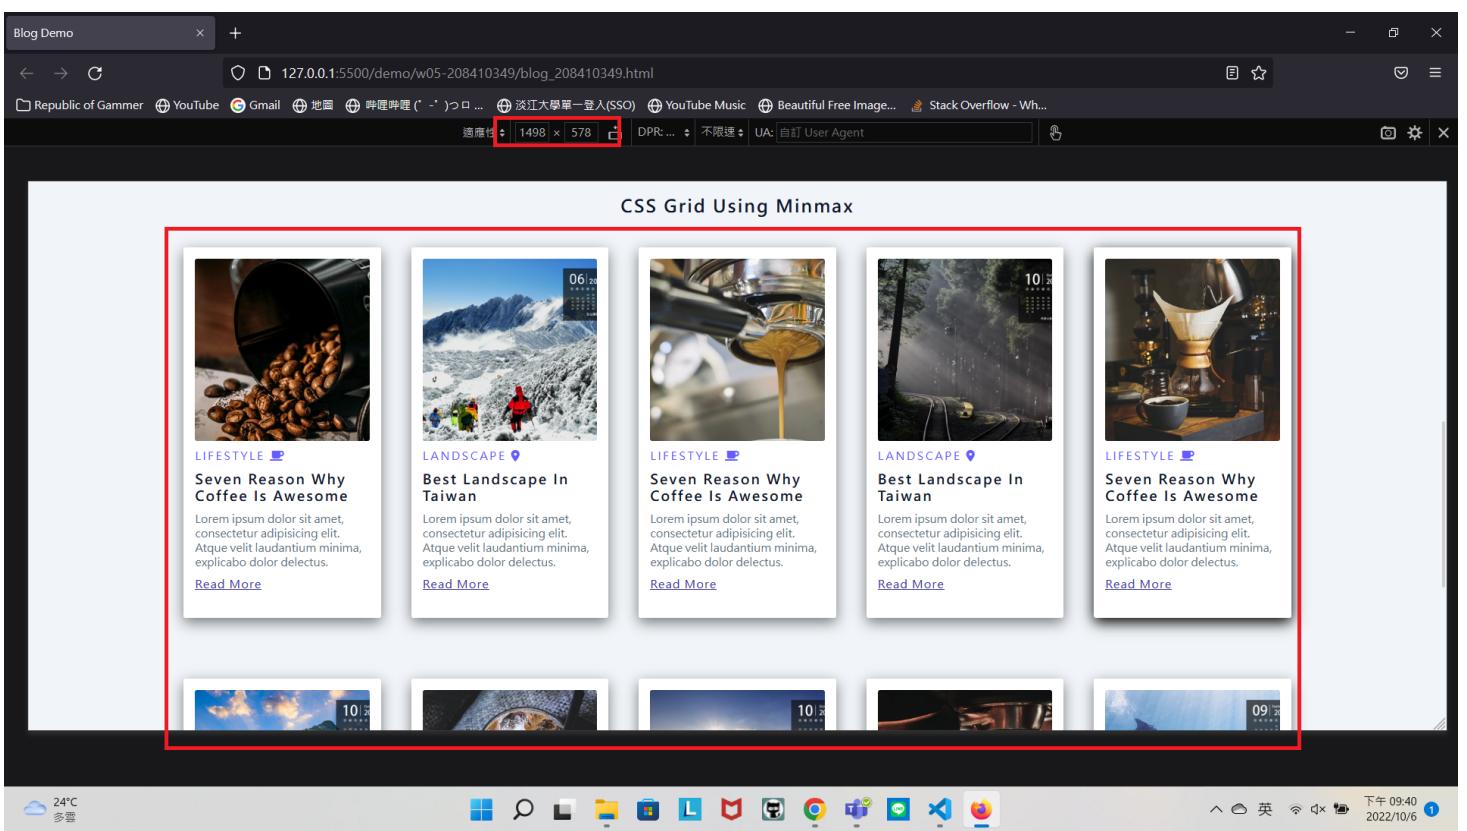

w05_p3: Use grid to show 4 photos in a row

The screenshot shows a developer's workspace. On the left, a code editor displays the HTML and CSS for a blog page. The main area shows a browser window displaying a grid of four cards under the heading 'Latest Blogs'. The cards include images of coffee, mountains, and coffee beans, each with a caption like 'LIFESTYLE' or 'LANDSCAPE'. The developer tools' CSS inspector is active, focusing on the 'grid' property of the '.blogs-center' class. The browser status bar at the bottom indicates the time is 08:23 on October 6, 2022.

w05_p4: Add w05 link in index.html, and show it in vercel

w05_p5: Using css grid with minmax to display 9 photos
